

STAYING COOL
HAS NEVER
BEEN EASY

UNTIL
NOW.

**Facility and coolstore management systems
with CPC "E2" Einstein RX series.**

"Intelligent Store Architecture"

Emerson's Intelligent Store architecture delivers advanced electronic control and monitoring of your stores' refrigeration, HVAC, lighting and other systems, all the way down to the component level.

By integrating these systems and having them deliver actionable information to you, Emerson and PATTON can help you substantially lower your capital, engineering and operating costs.
