7th March 2011

Dear customer,

Re : Patton Christchurch branch.

We are pleased to advise that our Patton Christchurch branch has now been structurally checked and has been approved for use.

We confirm that our very courageous team in Christchurch are now back at work and in full swing with the clean-up.

The branch has re-opened for business and the trading hours have resumed back to normal.

Thank you to you all for the kind wishes and patience during this very difficult time.

Yours sincerely

Paul Mack
Sales Manager
Patton NZ
